Career Objective:

I aim to find an opportunity where I can contribute meaningfully to an organization's growth by leveraging both my technical and creative skills to deliver effective, user-focused and innovative solutions.

Education

Vel Tech High Tech Dr. Rangarajan Dr. Sakunthala Engineering College, Chennai

B.E in Computer Science and Engineering - 2026 *CGPA: 9.03*

Velammal Vidyalaya Melayanambakkam, Chennai

HSC - 2022 *71.8%*

SSLC - 2020 *78.4%*

Skills

Languages: Java, Python, HTML

Database: MySQL

Tools and Technology : PowerBI, Canva, Visual Studio Code, Google Collab

Experience

Full Stack Web Development Intern — 8Queens, Chennai *Aug 2024*

- Learned the Fundamentals of HTML and its role in structuring web content.
- Gained Foundational proficiency in writing and understanding basic HTML code.

Data Science Intern — NSIC, Chennai *Dec 2024*

- Implemented machine Learning algorithms such as Decision Tree, Random Forest and Linear Regression.
- Evaluated model performance using accuracy score, precision, recall and confusion matrix.

Projects

Pest Detection and Identification using SqueezeNet Architecture for sustainable Farming Practices *Tools: MATLAB*

- Developed a leaf disease detection model using SqueezeNet and Deployed it as a standalone GUI app.
- Achieved 72.73% accuracy and improved pest recognition for non – technical end-users in agriculture.

Network Intrusion Detection System using Distributed Random Forest (DRF)
Tools: HTML, CSS, JavaScript, Flask, H2O framework

- Built a web-based intrusion detection tool using Distributed Random Forest (DRF) to classify network traffic as benign or malicious based on input data.
- Achieved an accuracy of 99.96% across multiple validation folds, demonstrating the model's high reliability and precision in detecting anomalies.

Certifications

NPTEL: The Joy of Computing using Python, Cloud Computing, Privacy and Security in Online Social Media

MATLAB: MATLAB Onramp Course

Great Learning: Introduction to Database and SQL.
Best Innovative Project Award: Awarded for Farmconnect, an AI-based farmer–buyer marketplace promoting sustainable and fair agricultural trade.

Languages

- **English** - Advanced Proficiency
- **Tamil** - Native or Bilingual Proficiency
- **Telugu** – Native or Bilingual Proficiency
